

Investment in the next generation of workers is **Essential**

Who will be running your operation in the future?

Keeping your conveyors running efficiently is at the core of your investment and the heart of your operation. Today's workforce is constantly changing, and that means attracting new talent is critical – and developing new talent is essential. How will you teach the critical components of your heavy-duty conveyor system and share your legacy?

Flexco Essentials™ **Conveyor System Essentials eLearning**

Flexco Essentials™ eLearning is a six-part course that focuses on the essentials of heavy-duty conveyor systems.

- Real-world focused content
- Unique, one-of-a-kind learning methods
- Expert insights and best practices from the Flexco Expert
- Knowledge checks throughout the training modules
- A cumulative assessment evaluates comprehension and application
- Pure conveyor content – no marketing, no sales – just the Essentials

Just 299€ for one-year access to Flexco Essentials™

Take the course, learn the Essentials, and then go back anytime to refresh understanding of key conveyor components and how they contribute to productivity, efficiency, and safety on the jobsite.

Conveyor System eLearning has never been more **Essential** to your operation than it is today!

Flexco Essentials™ Conveyor System Essentials eLearning

What You'll Learn:

- The role that each key component plays in conveyor functionality and performance.
- How each component of the conveyor contributes to conveyor productivity, efficiency, and safety.
- The foundation of the conveyor system – structures and pulleys.
- Moving materials – the belts, the drive systems, and the idlers.
- Containing materials – the load zones and operational forces.
- Maximizing belt performance with belt trainers and belt cleaners.
- The pain points found on every conveyor system.

Flexco Essentials™ *Not just for New Employees*

Refresh your knowledge, talk the same language, and learn expert tips alongside your new operators. Long-time operators and even managers can benefit from the Flexco Essentials eLearning course. There is always something new you can learn to improve productivity and efficiency, and your operation will always benefit from staying on top of safety with a focused and detailed approach to your conveyor systems.

Flexco Essentials™ from your trusted partner and expert on belt conveyor productivity.

First Class Training
